Daily Winner

The person who gets the **highest overall score each day** will win a prize!

That means you need to be in it to win it! The more games you play that day, the higher your score will be! There are 6 games everyday, and the highest scorer at the end of them all will win!

There will be **ONE winner every day**, so if you don't win on Day 1 keep coming back and play again! As the competition is running for a whole week that means there are **7 daily prize winners**, so you have 7 chances to win!
